# 1000 WATT COMMERCIAL MICROWAVE WITH DIAL CONTROL, STAINLESS STEEL

MODEL:  ACMIC1000D

ACMIC1000D

Adcraft commercial microwave operates on a one power dial timer in 10, 30 and 60 second increments. The medium duty all stainless steel unit is ideal for convenience stores, office break rooms, lounges, quick serve restaurants, sandwich shops, healthcare & educational lunch rooms as well as food trucks. The stainless steel construction is designed for commercial applications that do not require high volume cooking but require durable, safe options to reheat, heat, cook and prepare food on the go. Adcraft microwave is energy efficient, when opened, it automatically turns off to not waste energy. On the exterior of the microwave is a timing guide to help novice operators choose the proper timing guide and heat one serving of various breads, soups, pizza, sandwiches, casseroles and popcorn.

## FEATURES AND CONSTRUCTION

- Adcraft commercial microwave operates on one dial eight (8) minute timer with various timing increments to choose from
- Timing increments range from 10 to 50 seconds at 10 second intervals, next is 30 second increments from 1 minute to 3 minutes and to one minute intervals up to eight minutes
- Dial control is easy to use by simply turning the knob to your desired cook time and is illuminated to view cook time
- Commercial microwave is UL and NSF approved, meeting all food safety standards
- Constructed of stainless steel interior and exterior
- Audible alarm sounds when timed cycle is complete
- Large easy grip handle and clear viewing glass window allow you to easily retrieve food and view cooking
- Microwave output power is 1000 watts and easily fits on countertops or compact spaces
- Interior cooking capacity space is 1.0 Cubic Ft.
- Reinforced flexible door latches prevent wear and tear breakage

## ELECTRIC

- 120V/60Hz/1-ph, NEMA 5-15P
